## SECTION 1: INTRODUCTION

Dear Resident,

Welcome to Aadhaar family!

The Aadhaar handbook is designed to serve as your guide for Aadhaar. We urge you to read through this document and absorb the meaning and purpose of Aadhaar.

This handbook will help you understand your Aadhaar. All your questions - from how to get Aadhaar to how to update any detail in your Aadhaar or how you can use your Aadhaar - will be answered in this handbook. You will also find detailed descriptions of Aadhaar processes and services related to your Aadhaar. With each section, you will also see QR Codes. You can scan the relevant QR code with any QR code scanner app in your Smartphone to visit the relevant webpage or watch a video tutorial on the mentioned service.

Let's begin your Aadhaar journey with a sneak peek into the world of Aadhaar, the related processes, the services available for you and the power of this 12-digit number that is unique to you.

### 1.1 Aadhaar Overview

Aadhaar is a 12-digit unique identification number issue by the **Unique Identification Authority of India (UIDAI)** to the residents of India after satisfying the verification process (described in Section 2) laid down by the Authority.

## 1.2 Who can get Aadhaar?

Any individual in India, irrespective of age and gender, who is a resident of India, or a non resident Indian (NRI), can enroll to obtain Aadhaar number. For an individual, only one Aadhaar number is generated, as the **uniqueness** is achieved through the process of demographic and biometric de-duplication.

### 1.2.1. Aadhaar for residents of India

You are eligible for Aadhaar Enrolment if you are a resident of India. This, by definition, means that you have resided in India for a period or periods amounting in all to one hundred and eighty-two days (182 days) or more in the twelve months immediately preceding the date of application for Aadhaar enrolment.

### 1.2.2 Aadhaar for NRIs

If you are a non-resident Indian (NRI), you can enroll for Aadhaar if you have an Indian Passport. The mandate of 182 days does not apply for NRIs. You can visit an Aadhaar Kendra and enroll for Aadhaar as an NRI. Indian Passport is mandatory as Proof of Identity (PoI) for NRIs. The applicant may choose to give any other Indian Proof of Address (PoA) from amongst the documents accepted by UIDAI (see Section 13.1, Annex – I of this handbook).

*Indian Passport is mandatory Identity proof for Aadhaar Enrolment of NRIs.*

## 1.3 Features of Aadhaar

### 1.3.1 Aadhaar is an identifier

Aadhaar is a 12-digit unique ID issued to an individual. Aadhaar uses demographic information (name, date of birth, gender and address), photograph of the face, fingerprints and iris to identify a resident. These items of information are mandatory. In addition, you have the option of providing your mobile phone number and email. We recommend that you provide these details also.

### 1.3.2 Aadhaar is an ID, nothing more

Aadhaar number is a proof of identity. It does not confer any right of citizenship or domicile in respect of an Aadhaar number holder. Your Aadhaar is a random number devoid of any intelligence and it cannot be used to profile people based on caste, religion, income, health and geography.

## 1.4 Usage of Aadhaar

Aadhaar system provides single source offline/online identity verification across the country for the residents. Once you enroll, you can use the Aadhaar number to authenticate and establish your identity multiple times using electronic means or through offline verification, as the case may be. It eliminates the need for providing identity documents each time you wish to access services, benefits and subsidies.

*Aadhaar provides a portable proof of identity that can be verified through Aadhaar Authentication online anytime, anywhere.*

## SECTION 2: HOW TO ENROL FOR AADHAAR?

To get Aadhaar, you have to enroll by providing minimal demographic and biometric information during the enrolment process, which is totally free of cost. Please note that you need to enroll for Aadhaar only once.

### 2.1 Enrolment Process

Whether you are a resident of India or an NRI, you can enroll to obtain Aadhaar number by following the process outlined below:

- Visit an Aadhaar Enrolment Centre
- Fill the Aadhaar Enrolment Form
- Give demographic and biometric data
- Submit valid Proof of Identity (PoI) and Proof of Address (PoA) and Proof of Date of Birth (DoB) document for scanning by the operator
- Collect your original documents along with acknowledgement slip containing EID (Enrolment ID)

If the resident is enrolling under Head of Family based enrolment (Ref. to Section 2.1.1.2), he/ she needs to give only a Proof of Relationship (PoR) document.

To download Aadhaar Enrolment Form:

*Carry original documents to Aadhaar centre. These are scanned and given back to you.*

The above process has exceptions for residents who do not have the required documents in their name like family members/ homeless/ orphans etc. or for residents who have biometrics exceptions where the required biometric details cannot be captured. Each case of enrolment is explained below:

### 2.1.1 Document Based Enrolment

You can enrol for Aadhaar by providing a valid Proof of Identity (PoI) and a valid Proof of Address (PoA) as per the list of acceptable documents available on enrolment form or UIDAI website (see Section 13.1, Annex-I):

- Proof of Identity (POI) - Mandatory
- Proof of Address (POA) – Mandatory
- Date of Birth (DOB) – You are required to submit one of the valid DoB documents as per UIDAI list. If you do not have that, you can declare your Date of Birth or give approximate age.

For List of Valid Supporting Documents

SCAN

If you have a valid document, you have to produce that for Aadhaar enrolment. In case you do not have documents in your name, you can also use a certificate issued by authorized official (refer to Annex. II). UIDAI has defined a standard format for this certificate. Refer to the List of Acceptable Supporting Documents for Verification available at: [https://uidai.gov.in/images/commdoc/valid\\_documents\\_list.pdf](https://uidai.gov.in/images/commdoc/valid_documents_list.pdf)

*The document for Aadhaar enrolment should have your name.*

### 2.1.2 Head of Family (HoF) Based Enrolment

For enrolment of family members where individual documents are not available, the enrolment can be done by providing the following details for HoF based enrolment:

- Name of Head of the Family
- Proof of Relationship (PoR) of the resident and HoF
- Head of Family's Aadhaar number
- Biometric confirmation of the Head of Family at time of enrolment

*For HoF based enrolment, the Head of Family has to give biometric confirmation at the time of enrolment.*

### 2.1.3 Introducer Based Enrolment

If you do not have either of the above documents, you can enroll under Introducer based enrolment. These 'Introducers' are verified officials appointed by registrars. These can be:

- Registrars' own employees
- Elected local body members
- Members of local administrative bodies
- Postman
- Influencers such as teachers
- Health workers
- Doctors
- Anganwadis/Asha workers
- Representatives of local NGOs

The information captured during Introducer-based Enrolment is:

- Introducer's name
- Introducer's Aadhaar number
- One modality of biometric information of the Introducer

### 2.1.4 Enrolment of Children

**Gift your child  
a Unique Identity**

Children, including new born babies, can enroll for Aadhaar. The enrolment of children follows the below two methods as per the age of the child being enrolled.

#### **For children below 5 years of age:**

To enroll a child (from a new born to one below 5 years of age), Aadhaar authentication by one of the parents or guardian of the child is required. Biometric data of children below the age of 5 years is not captured during their enrolment. The child's name, date of birth, gender and photograph are captured. Their Aadhaar is linked to that of their parent/ guardian.

The parent/ guardian needs to take the child to any nearby Aadhaar Kendra with the following documents:

- **Child's Birth Certificate** issued by Registrar of Birth, Municipal Corporation or any other notified local government bodies like Taluk, Tehsil etc. **OR Discharge card/ slip** issued by Government hospitals for birth of a child
- Aadhaar (or Enrolment slip) of one of the parents, preferably that of the mother in the event both parents are alive, or guardian

Please note that if you have to update the present address in your Aadhaar and wish to have the new address in the child's Aadhaar, update your details before enrolling the child for Aadhaar. Once your Aadhaar is updated, you can take the child for Aadhaar enrolment and use your updated Aadhaar for this.

#### **For children aged between 5 to 18 years:**

To enroll a child, the parent/ guardian can take the child to any nearby Aadhaar Kendra with the following documents:

- **If enrolling with child's own documents** - Child's School ID (issued by recognized educational institutions) OR any other UIDAI acceptable document.
- **If enrolling under Head of Family based enrolment** - If the child does not have a valid school ID or other listed document, the parent/ guardian can enroll the child under HoF based enrolment wherein a Proof of Relationship (PoR) document is required (Refer to 2.1.1.2)

**Note:** For Aadhaar enrolment of minor, the parent/ guardian gives consent for Aadhaar enrolment on behalf of the child.

*Child's school ID can be used for Aadhaar enrolment.*

#### **2.1.5 Enrolment of Residents with Biometric Exceptions**

In the case of residents with biometric exceptions such as missing finger/missing eye etc., the following information needs to be captured:

- Complete Demographic Information
- One iris, if not possible to capture both the irises
- Fingerprints of remaining fingers in case of missing finger
- Exception photograph

## 2.2 Points to remember for Aadhaar Enrolment

- Aadhaar data is stored in two languages for each resident – English (default) and Local Language (as chosen by the resident at the time of enrolment). Resident can select from Hindi, Telugu, Tamil, Kannada, Malayalam, Punjabi, Marathi, Gujarati, Bangla, Odia, Assamese and English
- Your details given in enrolment form are visible on the screen in front of you. It is important that you check and confirm all details entered by the operator in both English and Local Language before the operator submits them. You can check the details again on the acknowledgement slip before signing it.
- Resident needs to enrol only once, as multiple enrolments will result in rejections unless it is advised by the Authority.
- The waiting time for Aadhaar generation may vary up to 90 days after receipt of resident data packet.

*Carefully check all details in English as well as local language and get any mistakes corrected before the operator submits them for your Aadhaar enrolment.*

## 2.3 Aadhaar Enrolment Center

UIDAI has set up Aadhaar enrolment centres across the country to offer Aadhaar services. These are available in Banks, Post Offices, BSNL Centres, CSCs, designated State Government Offices and exclusive Aadhaar Seva Kendra.

You can enrol for Aadhaar by visiting any Aadhaar enrolment centre. For update of demographic details (name, address, date of birth, gender, mobile number, email) or biometrics (photograph, fingerprints or iris scan), you can visit a centre with your Aadhaar and valid supporting documents.

### 2.3.1 Locate Aadhaar Kendra near you

You can get details of any nearby Aadhaar Kendra from:

- By calling 1947
- From Aadhaar website:  
<https://appointments.uidai.gov.in/easearch.aspx>
- From mAadhaar App

### 2.3.2 Types of Enrolment Centres

The Aadhaar Enrolment Centres can be broadly classified into two categories based on the format of service delivery. These are:

#### 2.3.2.1 Registrar-run Aadhaar Kendra

These are the Aadhaar Kendra available in Banks, Post Offices, BSNL centres, CSCs and State Government offices across the country. These are run by respective Enrolment Registrars.

### 2.3.2.2 UIDAI-run Aadhaar Seva Kendra

Aadhaar Seva Kendras or ASKs are exclusive Aadhaar centres run by UIDAI that provide Aadhaar services to residents in a state-of-the-art environment.

*Aadhaar Seva Kendra are open on all seven days of the week, except on public holidays, from 9.30 a.m. to 5.30 p.m. Each ASK has the capacity to handle 250 to 1000 service requests per day.*

## 2.4 Online Appointment Service

UIDAI also offers the online facility to book appointment for Aadhaar enrolment or update. You can use the online appointment service to book appointment for yourself or a family member or friend.

### 2.4.1 Appointment for Aadhaar Services:

The facility is for booking an appointment at an Aadhaar Seva Kendra (ASK) or any other listed Aadhaar Kendra is available for the below Aadhaar services:

- New Aadhaar enrolment
- Name Update
- Address Update
- Date of Birth Update
- Gender Update
- Biometric (Photo + Fingerprints + Iris) Update
- Mobile No. Update
- Email ID Update

You need to fill the Aadhaar enrolment/ update form online, book the appointment center time-slot and visit the selected Aadhaar centre. The acknowledgement slip containing your Appointment ID and QR Code is also your Enrolment/ Update Form. You may carry a printed copy to the centre to save time. Print facility is also available at the ASK.

### 2.4.2 How to book an online appointment

You can book an appointment from UIDAI website or mAadhaar mobile app. If you are booking an appointment for Aadhaar update, the Aadhaar number and mobile number needs to be entered. This facility is **not restricted** to Aadhaar registered mobile number only. The process for online appointment booking is as below:

- Visit the page <https://appointments.uidai.gov.in/bookappointment.aspx>
- Select the centre name and click 'Proceed to Book Appointment'

- Choose the service you want to access - New Aadhaar or Aadhaar Update
- Fill your mobile number and enter Captcha and submit
- Enter the OTP received on the mobile number you entered
- On successful authentication of your mobile, a form to fill in the required details is displayed. Fill the required details and submit the form
- You can manage the appointment details (date and time) by visiting the 'Manage Appointment' tab

## 2.5 Aadhaar Generation Status

If you have given mobile number/email ID during enrolment, you will get SMS/email notifications related to your Aadhaar generation. You can also check if your Aadhaar is generated from UIDAI website or by calling our helpline 1947.

To check your Aadhaar generation status, you will require your EID (Enrolment ID). The top left side of your enrolment acknowledgement slip contains 14 digit enrolment number (1234/12345/12345) and 14 digit time stamp having date and time (dd/mm/yyyy hh:mm:ss) of enrolment. These 28 digits together form the Enrolment ID (EID).

### 2.5.1 What to do if EID is lost?

The enrolment ID is mentioned on the acknowledgement slip that you received after enrolment. Please keep this slip carefully. You are advised to click a clear picture of the slip for your records. In case, you misplace the slip, you can retrieve your EID by these two methods:

- Online from uidai.gov.in (registered mobile number mandatory for this)
- On-call from Aadhaar helpline 1947

## SECTION 3: AADHAAR UPDATE

You can update any demographic details (name, address, date of birth, gender, mobile number or email ID), or biometric details (photograph, fingerprints, iris scan) in your Aadhaar from any Aadhaar Kendra across the country.

You can get more than one entry updated in Aadhaar Kendra at the same time. The fee for update of single entry (such as address) and multiple entries (such as address, mobile phone number, email address etc.) is the same. So updating all those entries together which need to be updated is both convenient and cost effective for you. Therefore, before visiting Aadhaar Kendra for an update, you should check details of your Aadhaar for any other required update.

*When you update your Aadhaar, only your Aadhaar details get updated, the Aadhaar number shall remain same.*

### 3.1 Documents Required for Update:

You need to submit a valid supporting document for verification for updating following details in your Aadhaar:

- Name
- Address
- Date of Birth

The document should be in the name of the applicant. The list of acceptable documents is available on Aadhaar website and mAadhaar App. (see Section 13.1, Annex-I).

No document is required for updating the following details:

- Gender
- Mobile Number
- Email ID
- Photograph
- Fingerprints & Iris Scans
- Local Language

**Note:** *Father's/ Mother's/ Husband's Name is Aadhaar is a part of address field. The Aadhaar holder can update this anytime. Refer to Section 3.4 for details.*

## 3.2 Online Address Update Facility

# Update Aadhaar address online

It is free & convenient

UIDAI also offers the facility to update address online from the Self-Service and Update Portal (SSUP) - <https://ssup.uidai.gov.in/ssup/>. You need to have your registered mobile number to get the OTP to login to SSUP. If the registered mobile number is not available, you can visit any Aadhaar Kendra with your Aadhaar and supporting document to place an update request.

### 3.2.1 Updating Address online with Document:

You can place a request to update the address in your Aadhaar with a valid Proof of Address in your name (see list in Section 13.1, Annex-I). The process for online address update is as follows

1. Visit SSUP - <https://ssup.uidai.gov.in/ssup/>

2. Login with your Aadhaar number
3. Enter the OTP received on your mobile
4. Enter the new address
5. Allow UIDAI to do translation to the local language in your Aadhaar or correct the spellings yourself from the auto-translated text
6. Once you are satisfied with all details and spellings, submit
7. Take a coloured scan of the supporting document (if the document has multiple pages, scan all and save as a single .pdf file) and upload
8. Note down/ save the URN (Update Request Number) for future reference

### 3.2.2 Updating Address without documents

Don't have address proof  
in your name?  
**Use 'Address Validation  
Letter'**

UIDAI offers an option for address update for people who do not have address proof in their name. This is particularly useful for address update of 'family members', 'address change after marriage' or 'moved to a new place on rent' type of cases. This address update can be done with the help of Address Validation Letter.

This process involves two entities:

- **Resident (Applicant)** – Aadhaar holder wishing to update their address

To see tutorial on Address  
Validation Letter Process

SCAN

- **Address Verifier** – Aadhaar holder who is willing to lend their address to the applicant

A few must haves before the resident starts the process:

- Both the resident and address verifier should have Aadhaar registered mobile numbers
- Both are required to be in sync and in agreement while the Request for Address Validation Letter is still in process.

### 3.3 Mandatory Biometric Update for Kids

## A child's Aadhaar needs TWO mandatory biometric updates:

When the child attains 5 years of age

When the child attains 15 years of age

These updates are FREE

The biometric details of children need to be updated in their Aadhaar when the child attains the age of 5 years, and once again at the age of 15 years. The child's fingerprints, iris scans and photographs are captured and updated in their Aadhaar data. This helps the child in using his/her Aadhaar as an identifier wherever required. The Aadhaar number assigned to the child remains the same. This mandatory biometric update for children is free.

### 3.4 Updating 'Care of' field in Aadhaar Address

The 'Care of' details in Aadhaar are a part of Address field. These were earlier mentioned as W/o, D/o, S/o or C/o. These have now been standardized to C/o. If you update your Aadhaar or download latest Aadhaar, it will show the relation details as C/o.

If you wish to update this, you can place an address update request (either from Aadhaar Kendra or online via SSUP – ref. Sec. 3.2.1). The document should be in your name and does

not need to have the name of the person whose name you wish to update in C/o field. This is not a mandatory field. You may choose to leave C/o field in your address blank.

*C/o field is not a mandatory field. You may choose to leave C/o field in your address blank.*

### 3.5 Limits on number of updates

Want to update Date of Birth,  
Name and Gender in Aadhaar?

NOTE THE FOLLOWING

Date of birth can be updated only ONCE

Name can be updated TWICE

Gender can be updated only ONCE

As per the update policy of UIDAI, the following limits have been set for update of demographic information in their Aadhaar:

- Name – Can be updated twice
- Gender – Once
- Date of Birth – Once

The process for the above updates within the permissible limits is same as described in Section 3.1 above. Any other information in your Aadhaar can be updated as and when required. There is no limit on the number of updates for any other demographic information – address, email ID, mobile number; or biometrics – photograph, fingerprints, iris scans.

### 3.6 Exception Process for Aadhaar Update

If for any reason, you need to update the above three fields (name, gender and date of birth) in your Aadhaar again (beyond the permissible limit), you need to:

1. Visit any Aadhaar Kendra (with valid supporting document for Name & Date of Birth update)
2. Place an update request
3. Send the latest URN (Update Request Number) to Aadhaar help centre by calling 1947 or via email to [help@uidai.gov.in](mailto:help@uidai.gov.in) and request for 'exception update'

The case is then assigned to the UIDAI's Regional Office that handles your region for due diligence. Once verified, your update request will be processed and the outcome communicated to you.

### 3.7 Update in case of Aadhaar Deactivation

Your Aadhaar data is subject to periodic quality checks. During such quality checks by UIDAI, if any discrepancy is found in the supporting documents or captured biometric data of a resident, his/her Aadhaar is deactivated temporarily and the Aadhaar holder is duly notified of this. If your Aadhaar gets suspended, you would not be able to avail any service based on Aadhaar OTP/ biometric authentication.

In such cases, the Aadhaar holder needs to follow the below steps:

1. Refer to the email/ SMS/ letter by UIDAI to know the reason for 'Aadhaar Deactivation' and the subsequent course of action.
2. If the deactivation is due to biometrics related reason, visit any Aadhaar Seva Kendra and update your biometrics.
3. If the deactivation is due to documents related reason, contact/visit the concerned Aadhaar Regional Office for update after due diligence.

### 3.8 Update Status Check

You can use the 14 digit Update Request Number (URN) and Date & Time Stamp mentioned on the update acknowledgement slip to check the status of your Aadhaar update request from:

- Aadhaar helpline – 1947
- uidai.gov.in
- mAadhaar App

On successful submission of an online address update request via SSUP, you receive a URN (Update Request Number) of the format 0000/00XXX/XXXXX. This is shown on screen and also sent via SMS to your registered mobile number. Use this URN and your Aadhaar number to track status of your Aadhaar update from: <https://ssup.uidai.gov.in/checkSSUPStatus/checkupdatestatus>.

### 3.9 Points to remember for Aadhaar Update

1. Only the Aadhaar holder can request for update in his/her Aadhaar. No one can place an update request on an Aadhaar-holder's behalf (except for children below 5 years of age).
2. Aadhaar update request requires authentication by the Aadhaar holder. This authentication is done either as biometric authentication at Aadhaar Kendra or OTP authentication for

online address update. For children below 5 years of age, this authentication is done by the parent/ guardian whose Aadhaar was linked to the child's at the time of enrolment

3. If you lose your update slip or do not have your Update Request Number, follow the process to retrieve EID as described in Sec. 2.5.1
4. If your update request gets rejected, you can call 1947 and get the reason for rejection and take corrective measure before you place another update request.
5. If your Aadhaar shows 'Invalid', call 1947 to get further guidance.
6. If your Aadhaar letter has only 'Year of Birth' printed, DO NOT UPDATE. Just download your latest Aadhaar or Order Aadhaar Reprint from [uidai.gov.in](http://uidai.gov.in) to get your Aadhaar showing complete Date of Birth.

## SECTION 4: VALID LIST OF DOCUMENTS FOR AADHAAR ENROLMENT/ UPDATE

You can enroll for Aadhaar or update the demographic details in your Aadhaar by providing a valid supporting document for verification. This list of Proof of Identity (POI)/ Proof of Address (POA)/ Proof of Date of Birth (DOB)/ Proof of Relationship (POR) is available on our website [uidai.gov.in](http://uidai.gov.in), mAadhaar App and also provided at Annex-I (Section 13.1).

A valid supporting document is mandatory for:

- Aadhaar Enrolment
- Name Update
- Address Update
- Date of Birth Update

You can directly visit an Aadhaar Kendra with your Aadhaar for update of any other demographic or biometric details in your Aadhaar. Also note that, for NRI enrolment, Indian Passport is a mandatory POI. The NRI can choose to give any other document (as per the valid documents list) as POA.

Once Aadhaar is generated or the update request submitted by you is completed, your Aadhaar letter is printed and sent to your registered address via regular postal service of India Post. You will receive an SMS on your registered mobile number when your Aadhaar letter is dispatched.

You can also call 1947 to get dispatch date of your Aadhaar letter and coordinate with your local post office for delivery of the Aadhaar letter.

*If you do not receive the Aadhaar letter within 15 days of the date of dispatch, you can contact your local post office to check the reason for delay in delivery.*

## 6.3 Download Aadhaar

You can also download your Aadhaar from UIDAI website - <https://eaadhaar.uidai.gov.in/#/> or mAadhaar App. You can download your Aadhaar by:

- **Using EID (Enrollment ID):** Use your 28 digit enrolment number along with full name and Pin code (as given during enrolment) to download your Aadhaar.
- **Using UID (Aadhaar Number):** Use your 12 digit Aadhaar number along with full name and Pin code to download your Aadhaar.

### 6.3.1 OTP to download Aadhaar & Password

The OTP to download Aadhaar is received on your Aadhaar registered mobile number. Instead of this OTP, you may also use T-OTP (or Time-based OTP) to download eAadhaar. T-OTP can be generated using mAadhaar App.

The downloaded Aadhaar, also known as eAadhaar, is a password protected electronic copy of your Aadhaar. It is downloaded as a .pdf document. The password for your eAadhaar .pdf file is a combination of the first 4 letters of name in CAPITAL and the year of birth (YYYY).

You can also carry your Aadhaar in your smartphone via the official mobile app of Aadhaar – mAadhaar. This app offers over 35 online Aadhaar services to the Aadhaar holder. mAadhaar is available for download from Google Play Store and Apple App Store.

## 6.5 Aadhaar Reprint

UIDAI offers Order Aadhaar Reprint service for residents who do not have their Aadhaar letter or have lost their Aadhaar or simply want another copy printed and delivered to their address. This is a paid service. For a nominal fee of Rs. 50, you can order a reprint of your Aadhaar from [uidai.gov.in](http://uidai.gov.in) or mAadhaar App.

The reprinted Aadhaar is sent via Speed Post service of India Post and delivered to your registered address within 15 days of placing the request. Registered mobile number is not mandatory to use this service. You can use these identifiers to order a reprint:

- Aadhaar number (12 digit)
- Virtual ID (16-digit VID is a token identifier that can be used in place of Aadhaar number)
- EID (28 digit enrolment ID)

You can make the payment for your Aadhaar reprint online using Credit/ Debit Card, Net Banking or UPI. SMS notifications are sent to your registered/ given mobile number for SRN (Service Request Number), status of the request and AWB (Airway Bill Number) for tracking the Speed Post.

### 8.1 Aadhaar Online Services (that DO NOT require Registered Mobile Number)

- **Locate Enrolment Centre:** You can get details of all nearby Aadhaar Kendra using different search parameters.
- **Book an Appointment:** You can book an appointment for Aadhaar Enrolment or update at any convenient Aadhaar Kendra for yourself or a family member or friend.
- **Check Aadhaar Status:** You can check status of your Aadhaar enrolment/ update request by entering the 14-digit Enrolment ID/ URN and 14-digit time stamp along with Full Name and Pin Code details.
- **Order Aadhaar Reprint:** You can order a reprint of your Aadhaar or a family member's Aadhaar. This is a paid service. More details in Sec. 6.4 above.
- **Check Reprint Status:** You can check status of your Aadhaar reprint request by entering the SRN (Service Request Number) and Aadhaar number.

### 8.2 Aadhaar Online Services (that require Registered Mobile Number)

Some of the Aadhaar online services require OTP authentication and hence, registered mobile

number is mandatory to use them. Instead of this OTP, you may also use T-OTP (or Time-based OTP) to download eAadhaar. T-OTP can be generated using mAadhaar App.

- **Download Aadhaar:** You can download your Aadhaar anytime and use it. This is a free service and requires mandatory OTP authentication.

*You can download your Aadhaar maximum 20 times in a calendar year.*

- **Retrieve Lost/ Forgotten UID/ EID:** Using this service, you can retrieve your lost Enrolment ID or Aadhaar number (UID). This service requires mandatory OTP authentication.
- **Update Address Online:** If you have your Aadhaar registered mobile number, you can place an online address update request using the SSUP (self-service update portal) of Aadhaar. This service requires mandatory OTP authentication.
- **Request for Validation letter:** This service gives you an option to update address in your Aadhaar to that of the verifier (another Aadhaar holder willing to lend their address to the requester). Please see Section 3.2.2 for more details of this service.
- **Aadhaar Bank Linking Status:** You can check your Aadhaar and Bank Account Linking Status in NPCI mapper using this service. This service requires mandatory OTP authentication.

*You will receive any Aadhaar-based credits in only one account that you have mapped to the NPCI mapper.*

## SECTION 9: PRIVACY AND SECURITY OF YOUR AADHAAR DATA

UIDAI follows highest level data security protocols

Security of your data is inherent in the design of the Aadhaar project. From having a random number which does not reveal anything about the individual to other features listed below, UIDAI keeps the interest of the resident at the centre of its purpose and objectives.

### 9.1 UIDAI Protecting privacy and information

- **Collecting limited information:** Data collected by UIDAI is limited to the purpose of issuing Aadhaar number, and confirming the identity of Aadhaar number holder. Only basic data is captured to establish identity – name, date of birth, gender, and address, and biometric data comprising photograph, ten finger prints and iris scan. Parent's/guardian's name is essential for children but not for others. Mobile number and email id are optional.
- **No profiling and tracking information collected:** The UIDAI policy bars it from collecting sensitive personal information such as religion, caste, community, class, ethnicity, income and health status. Profiling of individuals is not possible through the UID system as the data collected is limited to that required for identification and identity confirmation.
- **Certified machines with Data Encryption:** Aadhaar enrolment/update happens with software provided by UIDAI using certified devices only. The data is encrypted as soon as it is collected in order to prevent any leak in transit.
- **Release of information – yes or no response:** UIDAI does not reveal personal information

in the Aadhaar database. If you use your Aadhaar for verification purpose, the only response from UIDAI will be a 'yes' or 'no' to the request.

- **Convergence and linking of UIDAI information to other databases:** Aadhaar database is not linked to any other database, or to information held in other databases. Its only purpose is to verify a person's identity at the point of receiving a service, and that too with the consent of the Aadhaar holder.

## 9.2 Data Security in CIDR

Data of all Aadhaar holders is safe and secure in the Central Identities Data Repository (CIDR) of UIDAI. The CIDR is guarded both electronically and physically by selected individuals with required security clearance. The data is secured with the best encryption technologies available in a highly secure data vault. All access details are properly logged.

UIDAI has strict security and storage protocols in place. The penalties for security violation are severe, and include penalty for disclosing identity information. Any unauthorized access to CIDR, including hacking or any tampering with data in the CIDR, also has severe penal consequences as per the Aadhaar Act, 2016.

## 9.3 How you can further protect your Aadhaar Information

Besides these security practices, UIDAI also offers a few more online services that help you keep your Aadhaar details private and add another layer of security to your data. These are:

- **Aadhaar Update History:** You can use this service to get a chronological history of all updates done in your Aadhaar. The OTP for this service will be sent to your registered mobile number.
- **Verify an Aadhaar:** This service can be used by anyone to verify any presented Aadhaar.
- **Verify Email/ Mobile Number:** You can use this service to verify their email or mobile number in your Aadhaar. The OTP for this service will be sent to your registered mobile number.

**6. Enrolment of residents with biometric exceptions. —**

- (1) For residents who are unable to provide fingerprints, owing to reasons such as injury, deformities, amputation of the fingers/ hands or any other relevant reason, only iris scans of such residents will be collected.
- (2) For residents who are unable to provide any biometric information contemplated by these regulations, the Authority shall provide for handling of such exceptions in the enrolment and update software, and such enrolment shall be carried out as per the procedure as may be specified by the Authority for this purpose.

## **12.2 CHAPTER IV - Update of Resident Information**

**16. Request for update of identity information. —**

An Aadhaar number holder may seek alteration of his demographic information or biometric information in cases specified under Section 31 of the Act in accordance with update procedure specified in this Chapter.

**17. Mandatory update for children. —**

The Authority shall require the biometric information of children to be updated upon attaining five years of age and fifteen years of age in accordance with the procedure specified by the Authority.

**19. Mode of updating residents' information. —**

The process of updating residents' information in the CIDR may be carried out through the following modes:—

- (a) At any enrolment centre with the assistance of the operator and/ or supervisor. The resident will be biometrically authenticated and shall be required to provide his Aadhaar number along with the identity information sought to be updated.
- (b) Online mode: Demographic information may be updated online through designated portals upon submission of Aadhaar number and the registered mobile number. Authentication will be carried out through a One-Time Password (OTP) sent to the registered mobile number.

The resident shall be assigned an update ID for tracking the status update, and the revised Aadhaar letter may be made available to the resident in physical or electronic form in accordance with the procedure as may be specified by the Authority for this purpose. The procedures for update, standards and guidelines to be followed along with the formats, templates, checklist to be used for carrying the update shall be as may be specified by the Authority for this purpose.

**20. Convenience fee. —**

The Authority may authorise Registrars to charge convenience fee from the residents, not exceeding an amount specified by the Authority, for update of demographic information and biometric information.

**12.3 CHAPTER VI - Omission or Deactivation of Aadhaar Number and Identity Information**

**27. Cases requiring omission of Aadhaar Number. —**

- (1) The Aadhaar number of an Aadhaar number holder shall be cancelled in the following circumstances:—
  - (a) If it is established that more than one Aadhaar numbers have been issued to the same person, then the Aadhaar number assigned from the earlier enrolment shall be retained, and all subsequent Aadhaar numbers shall be cancelled .
  - (b) Where the Aadhaar number has been generated in violation of the prescribed guidelines:—
    - (i) “Photo on Photo” case where core biometric information is not available: Where an existing photograph is used for enrolment instead of capturing a new photograph at the enrolment centre, and where core biometric information has not been captured during enrolment, the resident’s Aadhaar number shall be cancelled.
    - (ii) “False Biometric Exception” cases: Where the enrolment has been wrongly carried out as a ‘biometric exception’ case, the Aadhaar number shall be cancelled.
    - (iii) Where an adult has been enrolled as a child below five years of age to avoid capturing of biometric information, Aadhaar number shall be cancelled.
    - (iv) Any other case requiring cancellation owing to the enrolment appearing fraudulent to the Authority
- (2) Upon cancellation, services that are provided by the Authority to the Aadhaar number holder shall be disabled permanently.

**28. Cases requiring deactivation of Aadhaar Number. —**

- (1) The Aadhaar number of an Aadhaar number holder shall be deactivated in the following circumstances:
  - (a) “Photo on Photo” and core biometric information is available: Where an existing photograph is used instead of capturing a fresh photograph at the enrolment centre, and where core biometric information of the resident has been captured, the Aadhaar number shall be de-activated, and the resident asked to update his photograph. Upon successful update of his photograph, the Aadhaar number may be re-activated.

- (b) “False Partial Biometric Exception” cases: Where certain attributes constituting biometric information have not been captured despite the resident being in a position to provide them, the Aadhaar number shall be de-activated.
  - (c) Where it is found at a later stage that enrolment has been carried out without valid supporting documents, the Aadhaar number shall be deactivated till it is updated by the Aadhaar number holder after furnishing valid supporting documents.
  - (d) Where the information captured has been flagged as having bad data and requiring update (such as mixed/anomalous biometrics information, abusive/expetive words and unparliamentary language in resident demographics, multiple names in single name using ‘urf’ or ‘Alias’), the Aadhaar number shall be deactivated till it is updated by Aadhaar holder.
  - (e) Where a child having attained the age of five or fifteen years of age fails to update his biometric information within two years of attaining such age, his Aadhaar number shall be deactivated. In cases where such update has not been carried out at the expiry of one year after deactivation, the Aadhaar number shall be omitted.
  - (f) Any other case requiring deactivation as deemed appropriate by the Authority.
- (2) Upon deactivation, services that are provided by the Authority to the Aadhaar number holder shall be discontinued temporarily till such time the Aadhaar number holder updates or rectifies the information, owing to which his Aadhaar number has been deactivated by the Authority.

**29. Inquiry into cases requiring omission or deactivation. —**

- (1) Any case reported or identified as a possible case requiring omission or deactivation may require field inquiry which may include hearing the persons whose Aadhaar number is sought to be omitted or deactivated.
- (2) An agency nominated by the Authority shall examine/inquire and submit a report to the Authority as per the procedures as may be specified by the Authority for this purpose.
- (3) The Authority may initiate necessary action upon receiving the report and the decision to omit or deactivate an Aadhaar number shall lie with the Authority.

**30. Communication to the Aadhaar number holder. —**

- (1) An Aadhaar number holder shall be informed of the omission or deactivation of their Aadhaar number along with reasons through SMS, registered e-mail ID, tele-calling, letter or through such means as deemed fit by the Authority.
- (2) Any complaint of an Aadhaar number holder in respect of such omission or deactivation may be addressed through the grievance redressal mechanism set up by the Authority.

**31. Rectification action. —**

- (1) In case of omission of Aadhaar number for reasons other than multiple Aadhaar numbers having been issued, residents shall be required to re-enrol.
- (2) In case of deactivation, a resident shall be required to update his identity information partly or fully as required, as per the guidelines or policies as may be specified by the Authority.

## INSTRUCTIONS TO FOLLOW WHILE FILLING UP THE ENROLMENT FORM

<b>Field 3: NAME</b>	Write full name without salutations/titles. Please bring the original* Proof of Identity (POI) document. (See list A below). Variation in Resident's Name in contrast to POI is permissible as long as the change is minor spelling only, without altering the Name in POI document. For Example: If Resident's POI reads "Preeti", then "Priti" can be recorded if Resident wants so.
<b>Field 5: DOB / AGE</b>	Fill in Date of Birth in DDDMMYYYY format. If exact Date of Birth is not known, approximate age in Years may be filled in the space provided. Please bring the original Proof of Date of Birth (DOB), if available. (See list D below). Declared checkbox may be selected if Resident does not have a valid proof of Date of Birth document. Verified checkbox is selected where Resident has provided documents as proof of Date of Birth.
<b>Field 6: ADDRESS</b>	Write complete address. Please bring the original Proof of Address (POA) document. (See list B below). Please note that the Aadhaar letter will be delivered at the given address only. <ul style="list-style-type: none"> <li>To include name of Parent / Guardian / Spouse as part of the address, enter the name of person in the c/o field.</li> <li>Minor Corrections / Enhancements are permissible to make the address complete without altering the base address as mentioned in POA document.</li> </ul>
<b>Field 7: RELATIONSHIP</b>	In case of children below 5 years, it is mandatory to provide father/mother/guardian details with their Aadhaar or EID number. If the resident is not holding a Proof of Identity & using the Head of the Family identity for enrolment, it is mandatory to provide Head of the family's details with his/her Aadhaar or EID number. Please refer illustration below for filling EID. Please bring the original Proof of Relationship (POR) document. (See list C below). For other cases, it is optional for the resident to fill up the relationship details.
<b>Field 8: DOCUMENTS</b>	Write the name of Documents for POI and POA. In case proof of Date of Birth is available, then write the name of Date of Birth document. If the resident is not holding a Proof of Identity & using the Head of Family based enrolment, then write the name of Proof of Relationship document. For Valid list of documents, please refer list of Documents below.
<b>Field 9 INTRODUCER/HOF</b>	Resident who does not have POI and POA may get enrolled through an Introducer/ Head of Family. Pl contact nearest enrolment centre or your Registrar, for further details.
