UIDAI records 231 crore Aadhaar authentication transactions in November

UIDAI Records 231 Crore Aadhaar Authentication Transactions In November

The Unique Identification Authority of India (UIDAI) recorded 231 crore Aadhaar authentication transactions in November 2025, reflecting a growth of nearly 8.5 per cent over November 2024. According to the Ministry of Electronics and Information Technology (MeitY), this is the highest monthly figure so far in the current financial year. The total transactions stood at 219.51 crore in October 2025.

UIDAI stated that the steady rise in monthly authentication volume points to the growing adoption of Aadhaar in service delivery and the expanding digital ecosystem in the country.

UIDAI records 8.47% YoY growth with 231 crore Aadhaar authentication transactions in November

New Delhi [India], December 2 (ANI): India's digital systems saw a new high in November 2025 as Unique Identification Authority of India (UIDAI) records Aadhaar number holders executed 231 crore authentication transactions, marking an 8.47 per cent rise over the same month last year, according to a Ministry of Electronics & IT press release. This became the highest monthly tally of the current financial year and showed how widely Aadhaar was used across services and welfare programmes.

UIDAI records 8.47% YoY growth with 231 crore Aadhaar authentication transactions in November

India's digital systems saw a new high in November 2025 as Unique Identification Authority of India (UIDAI) records Aadhaar number holders executed 231 crore authentication transactions, marking an 8.47 per cent rise over the same month last year, according to a Ministry of Electronics & IT press release. This became the highest monthly tally of the current financial year and showed how widely Aadhaar was used across services and welfare programmes.

"Aadhaar number holders executed 231Cr authentication transactions in November 2025, clocking a growth of almost 8.5% as against the same period last year. It is indicative of the growing usage of Aadhaar, as well as the growth of digital economy in the country," the release said.

The Statesman

Aadhaar users execute 231 crore transactions in November, register 8.5 per cent growth

STATESMAN NEWS SERVICE
New Delhi, 2 December

In November, Aadhaar holders executed 231 crore authentication transactions, clocking a growth of almost 8.5 per cent as against the same period last year, the Electronics & IT Ministry said on Tuesday.

It is indicative of the growing usage of Aadhaar, as well as the growth of the digital economy in the country, it added. The November 2025 authentication transactions

are the highest so far when compared with any of the previous months this fiscal year, as in October, the numbers were 219.51 Crore.

The growing usage shows how Aadhaar has been playing the role of a facilitator for effective welfare delivery and voluntarily availing services offered by service providers.

Aadhaar-KYC transactions during November registered a significant jump, with 47.19 Cr such transactions recorded during the month, more than a 24 per cent increase when

compared with November 2024. Aadhaar-KYC service continues to be a catalyst in improving customer experience and adding ease of doing business in sectors including banking and non-banking financial services, the MeitY said. As per the data shared by the ministry, the Aadhaar Face Authentication solutions are also witnessing consistent traction. Nearly 60 per cent of the Digital Life Certificates generated by pensioners during November used Aadhaar face authentication.

This AI-based face authentication modality of UIDAI works on both Android and iOS platforms. It enables users to verify their identity with just a face scan, ensuring convenience while upholding

stringent security standards. Overall, 28.29 Cr face authentication transactions were executed in November 2025, as against 12.04 Cr such transactions during the same period in 2024.

आधार ऑथेंटिकेशन में इजाफा: नवंबर में रिकॉर्ड 231 करोड़ ट्रांजैक्शन, डिजिटल इकोनॉमी को मिला बड़ा बूस्ट | Aadhaar authentication transactions grow 8 percnct yoy to 231 crore in November 2025 | Hari Bhoomi

बिज़नेस डेस्क

Aadhaar authentication transactions: देश में डिजिटल पहचान की रीढ़ बन चुके आधार के इस्तेमाल में लगातार बढ़ोतरी हो रही। इलेक्ट्रॉनिक्स और आईटी मंत्रालय के मुताबिक, नवंबर 2025 में आधार ऑथेंटिकेशन ट्रांजैक्शन 8.5% सालाना बढ़कर 231 करोड़ के ऐतिहासिक स्तर पर पहुंच गया। यह इस वित्त वर्ष में किसी भी महीने का सबसे बड़ा आंकड़ा है। अक्टूबर में ये संख्या 219.51 करोड़ थी।

मंत्रालय ने बताया कि आधार नंबर धारकों ने नवंबर 2025 में कुल 231 करोड़ ऑथेंटिकेशन किए, जो यह दिखाता है कि देश में डिजिटल सर्विसेज पर भरोसा लगातार बढ़ रहा। सरकारी सेवाओं, बैंकिंग, वेरिफिकेशन और लाभ योजनाओं में आधार का उपयोग अब पहले से ज्यादा तेजी से हो रहा।

आधार ऑथेंटिकेशन लेनदेन नवंबर में सालाना आधार पर 8.47 प्रतिशत बढ़ा

आधार ऑथेंटिकेशन लेनदेन नवंबर में सालाना आधार पर 8.47 प्रतिशत बढ़ा

नई दिल्ली, 2 दिसंबर (आईएनएस)। आधार ऑथेंटिकेशन लेनदेन की संख्या नवंबर में सालाना आधार पर 8.47 प्रतिशत बढ़कर 231 करोड़ हो गई है। यह आधार के बढ़ते उपयोग के साथ-साथ देश में डिजिटल अर्थव्यवस्था के विकास का भी दिखाता है। यह बयान सरकार की ओर से मंगलवार को दिया गया।

इलेक्ट्रॉनिक्स एवं आईटी मंत्रालय ने बताया कि बीते महीने आधार ऑथेंटिकेशन लेनदेन इस वित्त वर्ष के किसी अन्य महीने की तुलना में सबसे अधिक रहा है। अक्टूबर में यह संख्या 219.51 करोड़ थी।

मंत्रालय ने बयान में कहा, बढ़ते उपयोग से पता चलता है कि किस प्रकार आधार प्रभावी कल्याणकारी योजनाओं के वितरण में सूत्रधार की भूमिका निभा रहा है और सेवा प्रदाताओं द्वारा दी जाने वाली सेवाओं का स्वेच्छा से लाभ उठा रहा है।

Aadhaar Authentication ने बनाया नया रिकॉर्ड... नवंबर में 8.47% बढ़कर हुए 231 करोड़ लेनदेन

Aadhaar Transactions November 231 Cr: भारत की डिजिटल यात्रा में आधार एक मील का पत्थर साबित हो रहा है। हाल ही में, आधार प्रमाणीकरण लेनदेन ने एक नया कीर्तिमान स्थापित किया है। नवंबर महीने के आंकड़े देश में डिजिटल सेवाओं की बढ़ती पहुंच और स्वीकार्यता को मजबूती से दर्शाते हैं। यह वृद्धि न केवल सरकारी योजनाओं, बल्कि वित्तीय सेवाओं के लिए भी एक सकारात्मक संकेत है।

डिजिटल भारत की बढ़ती रफ्तार, नवंबर में आधार लेनदेन का नया रिकॉर्ड

इलेक्ट्रॉनिक्स एवं आईटी मंत्रालय द्वारा जारी किए गए नवीनतम आंकड़ों के अनुसार, देश में आधार प्रमाणीकरण लेनदेन की संख्या ने नवंबर में एक नया रिकॉर्ड छू लिया है। नवंबर 2025 में कुल 231 करोड़ आधार ऑथेंटिकेशन लेनदेन दर्ज किए गए।

यह आंकड़ा पिछले वर्ष की समान अवधि की तुलना में 8.47 प्रतिशत की महत्वपूर्ण वृद्धि को दर्शाता है। यह सिर्फ एक संख्या नहीं, बल्कि यह दिखाता है कि भारत में डिजिटल अर्थव्यवस्था कितनी तेजी से पैर जमा रही है और आधार का उपयोग अब जन-जन तक पहुंच चुका है।

यह उपलब्धि इस वित्तीय वर्ष के किसी भी अन्य महीने की तुलना में सबसे अधिक है। इससे पहले, अक्टूबर में यह संख्या 219.51 करोड़ थी। यह निरंतर वृद्धि स्पष्ट रूप से दिखाती है कि आधार, प्रभावी कल्याणकारी योजनाओं को जरूरतमंदों तक पहुंचाने में एक महत्वपूर्ण सूत्रधार की भूमिका निभा रहा है।

UIDAI records 8.47% YoY growth with 231 crore Aadhaar authentication transactions

AGENCIES
NEW DELHI

India's digital systems saw a new high in November 2025 as Unique Identification Authority of India (UIDAI) records Aadhaar number holders executed 231 crore authentication transactions, marking an 8.47 per cent rise over the same month last year, according to a Ministry of Electronics & IT press release. This became the highest monthly tally of the current financial year and showed how widely Aadhaar was used across services and welfare programmes.

"Aadhaar number holders executed 231Cr authentication transactions in November 2025, clocking a growth of almost 8.5% as against the same period last year. It is indicative of the growing usage of Aadhaar, as well as the growth of digital economy in the country," the release said.

The month's sharp rise moved past the 219.51 crore transactions recorded in

Representational Image

October. The ministry noted that the steady growth showed how Aadhaar worked as a key tool for people to receive benefits and also to voluntarily access services offered by different providers. The increase pointed to stronger dependence on digital identity systems for everyday needs across the country.

A major driver of the jump came from face authentication, a feature that continued to gain users. Nearly 60 per cent of all Digital Life Certificates issued to pensioners in November used Aadhaar's face authentication tool. The

system, which worked on both Android and iOS devices, allowed users to confirm their identity with a simple face scan. This kept the process easy while following strong security rules. Face authentication transactions rose to 28.29 crore in November 2025, up from 12.04 crore a year earlier.

Growth was also seen in e-KYC, another Aadhaar-linked service widely used by banks and financial institutions. November recorded 47.19 crore e-KYC transactions, a rise of more than 24 per cent compared with November 2024.

UIDAI records 231 crore Aadhaar authentication transactions in November

UIDAI records 231 Crore Aadhaar authentication transactions in November, highest monthly total this financial year

In a strong indicator of India's accelerating digital transformation, the Unique Identification Authority of India (UIDAI) registered 231 crore Aadhaar authentication transactions in November 2025, the highest monthly volume recorded so far in the current financial year. According to data released by the Ministry of Electronics and Information Technology (MeitY), the latest figure marks an impressive 8.5 percent growth compared to November 2024.

The numbers also show a sharp rise from 219.51 crore transactions in October 2025, signalling increasing reliance on Aadhaar for routine service delivery, welfare access, financial transactions and identity verification across the country. The UIDAI said the upward trend reflects the technology's expanding penetration and the strengthening of India's digital public infrastructure.

UIDAI records 231 crore Aadhaar authentication transactions in November

New Delhi: The Unique Identification Authority of India (UIDAI) has announced that it has recorded 231 crore Aadhaar authentication transactions in November 2025, demonstrating a growth of around 8.5% over November 2024. According to the Ministry of Electronics and Information Technology (MeitY), this is the highest monthly figure recorded in the current financial year. The total transactions stood at 219.51 crore in October 2025.

Aadhaar Authentication Transactions Reach 231 Crore In November 2025, Marking 8.5% YoY Growth

New Delhi, Dec 2 (KNN) The Unique Identification Authority of India (UIDAI) has said that Aadhaar holders executed 231 crore authentication transactions in November 2025, marking an 8.47 per cent increase compared to the same month last year.

This figure is the highest recorded in any month of the current fiscal year, up from 219.51 crore transactions in October, reflecting the growing adoption of Aadhaar and its role in facilitating digital services and welfare delivery across the country.

Aadhaar Authentications Hit Record 231 Billion In November 2025

Aadhaar number holders carried out 231 billion authentication transactions in November 2025, representing growth of almost 8.5 per cent compared with the same month last year. This marks the highest monthly figure recorded in the current financial year, surpassing October's 219.51 billion transactions. The rising numbers highlight Aadhaar's expanding role in enabling welfare delivery and supporting voluntary access to a wide range of digital services.

UIDAI Records 231 crore Aadhaar Authentications in November, Showing 8.47% Rise from Last Year

Aadhaar usage in India continues to rise strongly. In November 2025, Aadhaar number holders **completed 231 crore authentication transactions**, marking an **impressive 8.5% growth** compared to the same month last year. This increase shows how widely Aadhaar is being used for services, welfare schemes, and digital activities across the country.

Record-Breaking Authentication Numbers

The month of November 2025 saw the highest number of Aadhaar authentications recorded so far in this financial year. In comparison, **October reported 219.51 crore transactions**, showing a steady month-to-month rise. This growth also highlights how Aadhaar has become an important tool for both government benefits and private sector services.

Tag: 231 crore Aadhaar authentication transactions in Nov

New Delhi, Dec 2 (IANS) The government on Tuesday said that Aadhaar authentication transactions saw 8.47 per cent growth (year-on-year) at 231 crore in the month of November. The authentication transactions last month are highest so far when compared with any of the previous months this fiscal (FY26), according to IT Ministry.
