PART-II: INTRODUCTION

1. The Unique Identification Authority of India (UIDAI) is a statutory authority established under Section 11 of the Aadhaar (Targeted Delivery of Financial and Other Subsidies, Benefits and Services) Act, 2016 (“Aadhaar Act 2016”) on 12 July, 2016 by the Government of India, under the Ministry of Electronics and Information Technology (MeitY).

2. Prior to its establishment as a statutory authority, UIDAI was functioning as an attached office of the then Planning Commission (now NITI Aayog) vide its Gazette Notification No. A-43011/02/2009-Admn I) dated 28th January 2009. Later on 12 September 2015 the Government revised the Allocation of Business Rules to attach the UIDAI to the Department of Electronics and Information Technology (DeiY) of the then Ministry of Communications and Information Technology.

3. UIDAI was created with the objective to issue Unique Identification numbers (UID), named as "Aadhaar", to all residents of India that is (a) robust enough to eliminate duplicate and fake identities, and (b) can be verified and authenticated in an easy, cost-effective way. The first UID number was issued on 29 September 2010 to a resident of Nandurbar, Maharashtra. The Authority has so far issued more than 130 crore Aadhaar numbers to the residents of India.

4. Under the Aadhaar (Targeted Delivery of Financial and Other Subsidies, Benefits and Services) Act, 2016, UIDAI is responsible for Aadhaar enrolment and authentication, including operation and management of all stages of Aadhaar life cycle, developing the policy, procedure and system for issuing Aadhaar numbers to individuals and perform authentication and also required to ensure the security of identity information and authentication records of individuals.

5. The Aadhaar (Targeted Delivery of Financial and Other Subsidies, Benefits and Services) Act, 2016 (as amended) and rules and regulations made there under (available at the link http://www.uidai.gov.in) provides as a good governance, efficient, transparent and targeted delivery of subsidies, benefits and services, the expenditure for which is incurred from the Consolidated Fund of India/State, to all residents of the country, through assigning unique identity numbers called Aadhaar numbers, thereby providing a legislative backing for Aadhaar.

As per Section 7 of Chapter III of the Aadhaar Act, 2016 “Proof of Aadhaar number necessary for receipt of certain benefits and service, etc”-- The Central Government or, as the case may be, the State government may, for the purpose of establishing identity of an individual as a condition for receipt of a subsidy, benefit or service for which the expenditure is incurred from, or the receipt there from forms part of, the Consolidated Fund of India( or the Consolidated Fund of State), require that such individual undergo authentication, or
furnish proof of possession of Aadhaar number or in the case of an individual to whom no Aadhaar number has been assigned, such individual makes an application for enrolment: Accordingly, various Central government and state government ministries and department would be using Aadhaar to establish identity of individuals and hence demand for Aadhaar and its update is expected to rise.

6. This “Request for Proposal (RFP)” [RFP used interchangeably with Tender] document is therefore intended to invite bids from reputed and reliable companies for “Printing and Dispatch of Aadhaar Documents”. UIDAI intends to on board two (2) PSPs for printing and Dispatch of Aadhaar Documents and providing other services to residents of India.

7. Two Print Service Providers (PSP), shall be selected through this RFP, who would provide print and dispatch service. It is estimated that UIDAI would print approximately 47 Crore Aadhaar documents in a duration of 03 (Three) years from the date on which this contract comes into force. Volume of Aadhaar documents as per estimation will be divided between PSPs: L1 and L2 (matching L1) bidder in 60:40 ratio.

Each Service Provider is expected to have the ability to ramp up by **25% to 40%** more per day printing capacity than the existing capacity within **4 weeks and 8 weeks** of intimation of the same by UIDAI, respectively. This ramp up in printing capacity shall be within the overall printing volume allocation and will not entitle the Service Provider for any additional volume allocation. In case the volume exceeds within the tenure of the contract, appropriate PS@10% of contract value as per the exceeded volume.

**Process Flow**

![Diagram showing process flow of printing and dispatch of Aadhaar documents]

2. RECEIVING OF DATA FROM UIDAI

The data for printing shall be provided to the Service Provider in Unicode XML (Extensible Markup Language) file format or an equivalent electronic format as specified by UIDAI. The estimated size of each file is expected to be approximately 75 KB.

The Service Provider shall have to provision for dedicated leased line(s) between the print facility/facilities and UIDAI’s Data Centers.

</tr>
</thead>
<tbody>
<tr>
<td>CA Site, No-1, NTI Layout, Rajiv Gandhi Nagar, Tata Nagar Entrance, Kodigehalli, Bangalore – 560092</td>
</tr>
</tbody>
</table>

The bandwidth of the lease line should be capable of transferring electronic data, equivalent to the day’s printing, in 10 to 15 hours.

The data transfer shall be on SFTP (Secure File Transfer Protocol). The SFTP download/upload client shall be provided or specified, as the case may be, by UIDAI to the Service Provider and the Service Provider shall install the same SFTP client at its printing premises and use it for download/upload of data from/to UIDAI. The installed SFTP client shall be used exclusively for UIDAI work.

The Service Provider shall also be required to print the Bag Tag and present along with the bags to be dispatched.

An electronic file, uniquely mapping an EID (Aadhaar Enrollment Identification) number to its EMS/Speed Post barcode number, will need to be generated by the Service Provider. This file called the ‘Booking File’ will be shared with the Department of Posts on a daily basis for booking and dispatch of Aadhaar documents.

The proof of hand over of Aadhaar documents to the Department of Posts by the Service Provider for dispatch will be receipt of signed / acknowledged ‘Manifest' from the Department of Posts.

If the Service Provider provides the required space, the Department of Posts may establish its collection facility within the Service Provider's (printing) premises.

The proof of dispatch of documents will be ‘uploading’ of dispatch information on the SpeedNet server of the Department of Posts. The upload on SpeedNet is to be enabled from the nearest speed post location.

**PRIVATE COURIER SERVICE**

The dispatch of the Aadhaar Documents through the courier mode will be done by the ‘Delivery Partner’ nominated by UIDAI.

The Pincode-wise grouped documents will be bundled and bagged together and presented by the Service Provider for dispatch to the UIDAI nominated courier service.

Documents printed for delivery at particular Pincode needs to include a ‘Dispatch Manifest’, in three copies, which records the unique document tracking barcode printed on Aadhaar documents. This manifest also serves as a reference list for acknowledging the dispatch receipts of documents. Format for such manifest/s will be specified by UIDAI and shall be binding on the Service Provider.

In addition to the unique document tracking barcode; a courier service barcode
will also be printed on Aadhaar documents which are to be dispatched through the courier mode. As such, all the Aadhaar documents which will be dispatched through the courier mode shall be printed with 2 (two) barcodes, one unique document tracking barcode and the other courier service barcode.

The Courier service provider is expected to pick-up on a daily basis the printed documents offered by the Service Provider for dispatch, from the designated print locations or from any other location/s (pick up point) as decided by UIDAI after duly acknowledging the receipt by submitting a signed / acknowledged copy of the ‘Dispatch Manifest’ to the Service Provider.

The proof of hand over of Aadhaar documents to the courier service provider by the Service Provider for dispatch will be receipt of signed / acknowledged ‘Dispatch Manifest’ from the Courier Service Provider.

The proof of booking and dispatch of documents shall be the upload of booking information on the ‘Booking Portal’ of the courier service thereby indicating that the documents have been received by courier service for delivery. If any document is not present on the ‘Booking Portal’ of the courier service, the same shall be deemed as not printed.

If the Service Provider provides the required space, the courier service provider may establish its collection facility within the Service Provider’s (printing) premises.

12. MIS REPORTS

The Service Provider is required to provide a web based portal for viewing the stage-wise progress of data download, printing, franking, bagging and handover of the Aadhaar documents to the delivery partner. Capability to track every single Aadhaar document at every stage must reflect on a Real Time MIS based monitoring system. Suitable periodic reports would also need to be available at the portal and customized report generation on parameters like date range, language, region, activity stage and other parameters should be possible online. Formats of such report shall be specified by UIDAI. The Service Provider shall provide the Web access of this facility to UIDAI.

Specific MIS reports for ‘Order Aadhaar Reprint’/other priority printing are also required on Daily/weekly/monthly basis as advised by UIDAI with indicative format specified in Appendix D.

The Service Provider shall also provide a consolidated report for daily printing and dispatch activity over electronic mail. Formats of such reports shall be specified by UIDAI.
Apart from online portal, the Service Provider shall also provide a daily ‘Printing MIS’. An indicative format is placed at Appendix- C.

Any integration with existing database/s of UIDAI would need to be carried out by the Service Provider.

After successful printing and dispatching, the Service Provider shall install systems that automatically purge the databases containing resident data in an automated and systematic mechanism in a periodic manner to be decided by UIDAI. After completion of purging activity, UIDAI may undertake physical inspection for verification of completion of purging process and ensuring compliance of procedure prescribed by UIDAI. The printing service provider and its printing premises and computing environment shall be subjected to the guidelines under the information security policy of UIDAI. The detailed guidelines in Information Security Policy will be shared with the selected bidders for compliance.
PART-II: SERVICE LEVEL AGREEMENT

1. The purpose of this Service Level Agreement (SLA) is to clearly define the levels of service which shall be provided by the PSP to the Purchaser for the duration of this Contract.

2. The benefits of this SLA are to:

   (i) Trigger a process that draws the Purchaser and PSP management’s attention to certain aspect of performance when that aspect drops below an agreed upon threshold or target.
   (ii) Makes explicit the expectations that Purchaser has for performance from the selected PSP.
   (iii) Helps Purchaser control the levels and performance of PSP’s services.

3. The Purchaser may initiate an interim review to check the performance and the obligations of the PSP and, in case desired, review and revise the SLA. The Purchaser reserves the right to revisit the SLAs at a later date based on the learning from past experience and stabilization of operations. The Purchaser also reserves the right to waive or relax part or whole of SLA applicable for the duration or to the specific PSP.

4. The Purchaser or its designated officials or designated third party shall have the right to conduct quality and process audit of the PSP, at any point of time, in respect of SLA or any other parameters at any time without prior notice.

5. The PSP shall submit reports on the SLA and key parameter defined in this Section to the Purchaser in accordance with the specified formats and reporting periods. The Purchaser may ask the PSP to provide clarifications on these reports as well as the measurement tools and processes utilized by the PSP for reporting. The Purchaser should have full access to check the status/report at any time. The PSP shall extend full cooperation for conducting such audits.

6. UIDAI shall define the SLA measurement methodology based on which the PSP shall submit reports on the SLA defined in this section to the Purchaser in the specified formats within 15 days of completion of each SLA period along with invoice of the SLA due month. The Purchaser may ask the PSP to provide clarifications on these reports as well as the measurement tools and processes utilized by the PSP for reporting. The Purchaser should have full access to check the status/report at any time. The PSP shall extend full cooperation for conducting such audits. If PSP fails to submit the SLA reports in time then UIDAI reserve the right to generate the same, which would be binding on the PSP.

7. The Service Provider is expected to have the ability to ramp up by 25% to 40%
more per day printing capacity than the existing capacity within 4 weeks and 8 weeks respectively on intimation of the same by UIDAI. After the expiry of 4 weeks/8 weeks of intimation, the SLA shall be enhanced / calculated on the basis of increased daily printing output/capacity.

8. Non-availability of sufficient data from the UIDAI will be treated as an exception. Sufficient data will be made available to the Service Provider by UIDAI. However, at times, there may be occasions when UIDAI is unable to provide sufficient data. In such cases the applicable penalty shall be calculated on pro-rata basis of the data provided by UIDAI for the duration of applicable SLA.

**SERVICE LEVEL AGREEMENT(SLA) PARAMETERS**

The Selected Service Provider shall agree to the following service level agreement (SLA) parameters while providing Printing services to UIDAI’s stakeholders. These SLAs shall be tracked on a periodic basis and are envisaged to have penalty and or liquidation damage clauses on non-adherence to any of them.

The SLA parameters are divided into 2 (two) types: -

1. One-Time SLA Parameters
2. Operational SLA Parameters

**1. One time SLA for Commencement of Service**

2. Operational SLAs

1. Measurement unit : Per Aadhaar Document
2. Reporting unit : Per Aadhaar Document
3. SLA review period : 3 Months (Quarterly)
4. Penalty imposition method : Slab based
5. Formula for Calculating SLA : Value of Penalty applicable = No. of deficit documents\* X Discovered printing price per document X SLA Penalty slab

\* Deficit Document- Number of documents remaining unprocessed out of the output quantity assigned for the quarter

\*\* SLA Penalty Slab--: Number of Deficit documents divided by (Total number of Documents available to be printed)

KEY PERFORMANCE INDICATOR:

1. UIDAI needs the Service Provider to handover daily printing output of Aadhaar Documents for the selected Service Provider to the delivery partner
per day; as such the Service Provider shall be required to give a minimum Quarterly output calculated on the basis of 25 working days per month (Minimum daily output X 75 days), as under:

2. Penalty for variation from benchmark:

Penalty will be imposed on negative deviation from minimum required output per quarter. The penalty table based on low output from benchmark is indicated below:

C. Critical Errors:

1. Material of document inferior other than specified.
2. Poor printing quality of document.
3. Production damage to document.
4. Any other error directly attributed to Production or Printing flaws, as per the specification or implicit requirements.
Penalties for Critical Errors: Such errors shall, in the normal course, never occur. However, on occurrence of such an error, the Service Provider will be required to:

a) Re-print the entire document print batch, the cost of which shall be borne by the Service Provider.

b) Delivery cost of all the documents in the print batch shall be borne by the Service Provider.

c) Send an apology document to the Resident, as per the specifications of the IEC material or as specified / approved by UIDAI, the cost of which shall be borne by the Service Provider.

d) In addition, there shall be a penalty for critical errors as indicated below. The penalty shall be assessed and levied on quarterly basis.

e) The Service Provider shall also analyze the root cause of error(s) occurred and implement Corrective Measures within 10 days of report. Objective evidence of corrective measures needs to be provided to the Purchaser.

Note: The penalties for variation from benchmark quantity (Clause B.2) and for critical errors (Clause D) are mutually exclusive and shall apply independent of each other.

D. SLA on Quality Testing

UIDAI intends to ensure that the Aadhaar document is within the provided size and quality specification limits prescribed in the RFP(Appendix A). UIDAI authorized personnel can pick minimum 10 samples quarterly at random for testing. The testing will be done on below parameters:
<table>
<thead>
<tr>
<th>Document type</th>
<th>Test Criteria with weightage</th>
<th>Specification as per RFP</th>
<th>% of Negative deviation</th>
</tr>
</thead>
<tbody>
<tr>
<td>Aadhaar Letter</td>

<td></td>
</tr>
<tr>
<td>Envelope</td>
<td>Thickness of window film</td>
<td>25 microns with proper stiffness, high tensile strength, excellent optics and good water barrier properties.</td>
<td></td>
</tr>
</tbody>
</table>

The SLA will be calculated as follows:

All above tests given in above table will be assigned equal weightage of 20% to each test. Negative Deviation in percentage will be calculated for each test individually and penalty will be applied in the same ratio as per the weightage for entire volume claimed in the invoice during the quarter. For example:

Out of 5 tests, there was found a deviation of 5 % and 10 % in two of tests.

And suppose entire billing amount paid/to be paid is 1,00,000 rupees during the SLA quarter. Then 5 % and 10 % deviation will be applied on 20,000 rupees as per the table below.

So in this case, 0% penalty applied for 5 % deviation and 2% penalty on 20,000 i.e. Rs 400 will be applied on total bill of forthcoming month

<table>

</tr>
</tbody>
</table>

Above SLA is also mutually exclusive to other SLAs and will be applied separately.
UIDAI deputed representatives will conduct the inspection and testing and subsequently based on their observations, SLA will be applied.

**Important:** Total penalty applicable shall be capped at 10% of the contract value. In case, the penalty levied on any PSP exceeds 10% of the invoice value for 3 consecutive quarters, UIDAI shall have the discretion of terminating the contract and getting the work done by any other agency.
