UIDAI bags International Innovation Award for Face Authentication solution

UIDAI bags International Innovation Award in Kuala Lumpur, Malaysia.

Aadhaar Face Authentication solution was recognized at a global forum and awarded under the service and solution category at the International Innovation Awards 2024. Sh. Manish Bhardwaj, Deputy Director General, UIDAI received the award on behalf of the organization.

Technological innovations from countries like Singapore, Taiwan, Thailand, Malaysia, UAE, Philippines, Vietnam and the US also received awards at the global event on 29 Nov 2024.
The AI/ML based face authentication solution developed in-house by UIDAI has revolutionized the authentication process, simplifying lives of millions including elderly, specially abled, and those in physically demanding professions. As always, the aim is to help improve ease of living.
