

F. No. K-11022/461/2016-UIDAI(Auth-II)
Government of India
Ministry of Communications & IT
Department of Electronics & Information Technology (DietY)
Unique Identification Authority of India (UIDAI)

2nd Floor, Tower-I, Jeevan Bharti Building,
Connaught Circus, Sansad Marg,
New Delhi - 110001

Date: 05th May 2016

To

All AUA/KUA, ASA/KSA

Subject: **Mobile update facility by AUA/KUAs and Sub-AUAs.**

AUA/KUA have been provided with various modalities of Authentication i.e. biometric (Finger print & Iris), demographic and OTP.

2. UIDAI has issued more than 100 crore Aadhaar to residents whereas about 36 crore residents have registered their mobile number in the UIDAI database.
3. Since OTP based Authentication is convenient to the residents and very cost effective to the service providers, the use of OTP based authentication is to be popularised.
4. At present, Mobile update facility is available at Permanent Enrolment Centers / self-service resident portal of UIDAI.
5. UIDAI has rolled out an API for update of mobile number, email ID and consent. The API enables update after successful biometric authentication of resident and operator. The mobile and email given are also verified using OTP. The AUA/ KUA including their Sub-AUA shall be able to use the API and offer mobile, email and consent update from their points of presence / outlets.
6. It has been decided to provide mobile update facility to residents through AUA/KUA & Sub AUAs through all their points of presence / outlets. All AUA/KUA and Sub-AUAs are mandatorily required to provide this facility to the residents.
7. AUA/KUA and Sub-AUAs shall integrate the Mobile update API available at http://uidai.gov.in/images/resource/aadhaar_mobile_update_api_1_0.pdf in the Application.
8. The AUA/KUA and Sub-AUAs shall not be required to enter into any other MoU/ Agreement with UIDAI and existing AUA agreement would suffice for using Mobile update API. Also, no separate License Key will be issued for mobile update API and the entities would send their request to UIDAI CIDR by using their AUA/KUA /Sub-AUA license key only through their respective ASA/KSA.

9. The AUAs/KUAs would require to test at least 50 cases of mobile number/ email ID update through Mobile Update API and extend services to the residents. A compliance report by AUA/KUA in this regard is to be forwarded to UIDAI Auth Support Team within 30 days of issue of this letter.

10. AUA/KUA, Sub-AUA may collect updation charges from residents as prescribed by UIDAI from time to time.

11. ASA/KSA will permit and route the request of AUA/KUA and Sub-AUA regarding mobile update through their channel to CIDR and need to make necessary updates in their application accordingly.
