Priority Aadhaar Enrolment of GST Applicants/Taxpayers

New Delhi: Unique Identification Authority of India (UIDAI) has advised all its Registrars/Enrolment Agencies (EAs) running enrolment centers to accord priority to the GST applicant/tax payers who are required to migrate to GST platform for updating their mobile numbers in their Aadhaars.

Chief Executive Officer of UIDAI Dr. Ajay Bhushan Pandey here said, “These centers have been advised to use Update Client Lite (UCL) wherever available for updating mobile numbers. In cases where UCL is not available, mobile update may be got done using offline Enrolment Client Multi Platform (ECMP). The registrars and EAs have been asked to upload the packets immediately preferably on the same day”.

Dr. Pandey said that the taxpayers must note that mobile update in Aadhaar will necessitate their physical presence as mobile update requires biometric authentication of the Aadhaar holder. The registrars/EAs have been authorised to collect a fee of Rs. 25/- only per update request.

It may be noted that Aadhaar enrolment and update facility is available through more than 40,000 permanent enrolment centers across the country except Assam and Meghalaya. The list of enrolment centers along with contact details is available at UIDAI website (www.uidai.gov.in) at the link ‘*locate enrolment centre*’. Out of these 40,000 permanent enrolment centers, over 15,000 centers run by UIDAI registrar CSC e-Gov also have online update clients (UCL) for faster update of mobile, e-mail and demographics. CSC e-Gov’s nodal officers can be contacted for more information on these centres.
