Unless the Context requires otherwise;

Registrars are departments or agencies of the Central Government, State Government/Union territory, public sector undertakings and other agencies and organisations, who, in normal course of implementation of some of their programs, activities or operations interact with residents and are authorized by the Central Government/State Governments/Union Territories to enrol residents into the UID System. Examples of such Registrars are Rural Development Department (for NREGS) or Civil Supplies and Consumer Affairs Department (for TPDS), insurance companies such as Life Insurance Corporation and Banks.

Enrolling Agencies are entities hired Registrars to perform enrolment functions on behalf of the Registrar(s).

UID Project and the scope of the MoU

1. The UIDAI has the mandate from the Government of India to issue unique identification numbers (UID) to residents of India based on demographic and biometric data of the individual. UIDAI will partner with Government and other agencies leveraging their existing infrastructure in order to implement the UID project. These agencies will be called the Registrars of UIDAI.
2. UIDAI will set standards and processes for enrolment to be uniformly followed by all Registrars and Enrolling Agencies. The UIDAI will issue UIDs after checking that the resident applying for UID does not already have a record and a UID number in the UID database (de-duplication). In addition the UIDAI will provide online, real-time Authentication service.
3. MoP&NG wishes to partner with the UIDAI to authorise the OMCs to be Registrars for the implementation of the UID project. The de-duplication services to be provided by the UIDAI will enhance efficiency of OMCs by cleaning up the OMCs database.
4. This MoU between the UIDAI and MoP&NG sets out below, the general and broad-based intentions of both Parties for collaboration and as an umbrella understanding for facilitation of subsequent agreements and documents relevant for the implementation of the UID project by MoP&NG.
5. The UID project will be implemented in a phased manner; the UIDAI will be conducting proof of concept studies and pilots to test the working of the technology and process of enrolment, subsequent to the Pilots the full roll out of the UID project will take place. MoP&NG will cooperate and actively participate in each of these phases as required by UIDAI.
6. In the interest of clarity and to reduce ambiguity, the UIDAI shall execute additional agreements and documents to capture details about implementation of UID Project with MoP&NG.
