Regulations under the Aadhaar Act to be notified shortly: UIDAI

New Delhi, Sep 12 2016: UIDAI has approved a number of regulations under the Aadhaar Act 2016 which are in the process of being notified through the Gazette of the Government of India shortly. These are:

1. Unique Identification Authority of India (Transaction of Business and Meetings) Regulations, 2016
2. Aadhaar (Enrolment and Update) Regulations, 2016
3. Aadhaar (Authentication) Regulations, 2016
4. Aadhaar (Data Security) Regulations, 2016
5. Aadhaar (Sharing of Information) Regulations, 2016.

“Approval of the regulations is an important landmark. These regulations contain procedures to ensure that enrolment, authentication, use of Aadhaar and data and privacy protection are strictly in accordance with the provisions of the Aadhaar Act. People can use Aadhaar to receive various services, benefits and subsidies directly from the government without any intermediaries. On the other hand, it will help governments to ensure targeted delivery of benefits to the deserving individuals and bring transparency and good governance in their systems”, said Ajay Bhushan Pandey, Chief Executive Officer, UIDAI.

As on date, 105.15 crore Aadhaars have been generated with the UIDAI entrusted with the responsibility of conducting enrolments in all States and Union Territories, except Assam and Meghalaya.

Presently over 6 lakh Aadhaar enrolments are being done on a daily basis while over 60 lakh Aadhaar Authentication Transactions happen every day. Over 241 crore Aadhaar Authentication Transactions have been logged since inception.
